

How fun is making friends! project

CEIP Teófilo Pérez Canary Islands Spain

CEIP TEÓFILO PEREZ

Main entrance

This is the kitchen. The cooks are excellent. They use fresh food. The meals are healthy.

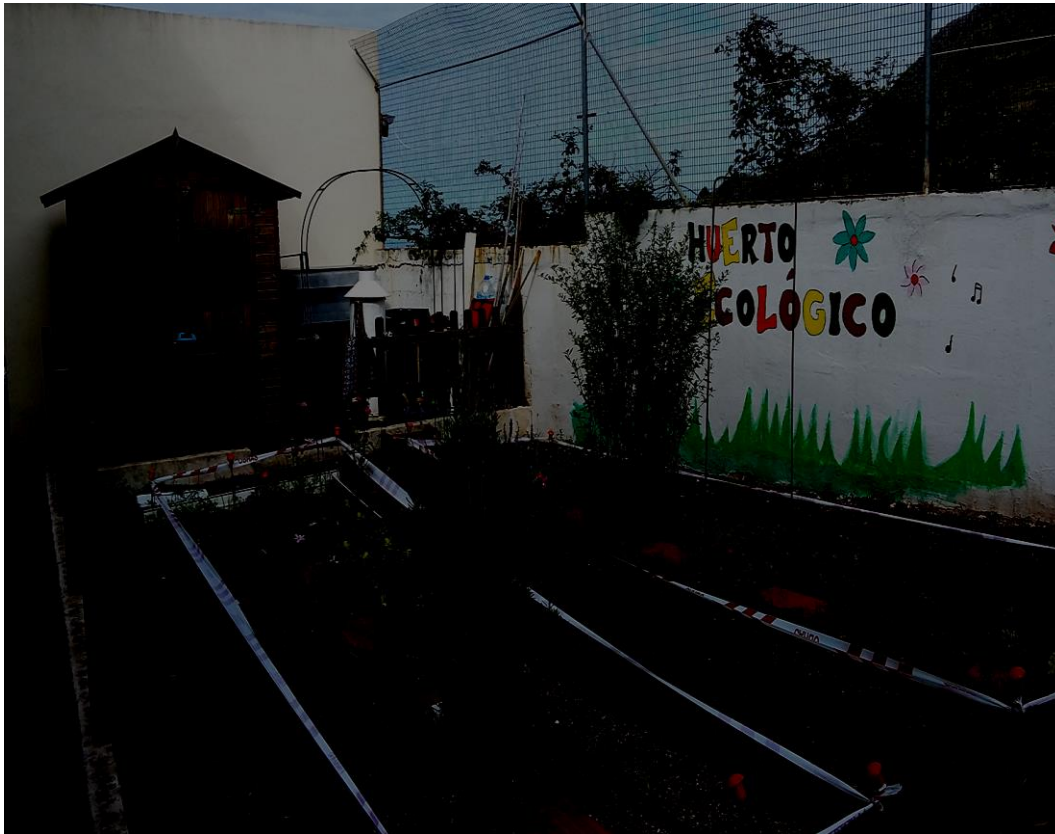

This is the dining hall. There are no space for all the children eating at the same time, so they eat in two or three turns.

This is the English classroom. There are 3 English teachers at school, so only some groups come here.

This is our school garden.
We come here to plant
and water.

We have vegetables,
trees and aromatic
plants.

**We have two sport fields.
There we go for the breaks
and for the P.E. classes.**

Our library is a special place. We come here not only for reading but also for doing homework during the breaks. And it is used for author's visits too!

And these are some of the places of our school.

We hope you have enjoyed this presentation.

THE END
